COMMON NOTES, FOR THE YEAR 1800:

Solar Cycle,	-	17	Dominical Letter,	-	E.
Lunar Cycle, or Golden Number,	-	15	Year of the Julian Period,	-	4513
Cycle of Indiction,	-	3	Year of the Hijera,	-	1214-15
Epact,	-	4			

Solar Cycle is a period of 28 years, in which all the varieties of the dominical letters must happen, and the same order again return. This Cycle commenced 9 years before the Birth of Christ.

Lunar Cycle is a period of 19 years, which contains all the variations of the Days on which the new and full Moons can happen, after which these Phases fall on the same days they did 19 years before.—The Prime, or Golden Number, is the number of years elapsed in the Cycle.

Cycle of Indiction is a period of 15 years, and was used by the Romans in taxing their Provinces. This Cycle commenced three years before the Birth of Christ.

Julian period contains 7980 years, and arises from multiplying the above three Cycles or periods together. This period is supposed to have commenced 710 years before the creation of the World, or 4714 before the commencement of the Christian Era:

The Hijera commenced at the period of the flight of Mahomet, or 622 years after the Birth of Christ, which according to solar time makes the present year 1177-8, or 1213-14 of Lunar time.

N. B.—The HINDOO HOLIDAYS, at the bottom of each Month, are those only on which the Natives do not attend at the Public Offices and Bank.

CALCUTTA CUSTOM HOUSE.

(Under the Board of Trade.)

IN THE OLD FORT.

W. A. Edmonston, Esq. Collector of the Government Customs.
Thomas Twining, Esq. Deputy ditto.

Hours of business, from 9 o'clock in the morning, till 2 o'clock in the afternoon—Sundays and Holidays excepted.

The following rules are prescribed for the collection of the duties directed to be levied on imports by Sea.

Duties shall be levied at the rate of two and a half per cent on the Calcutta price of all foreign goods imported by sea, without any deduction, with the exceptions hereafter specified.

Foreign ships, importing from Europe, or elsewhere, shall be required to deliver a manifest of their import cargoes on oath, and an advance of sixty per cent shall be added to the prime cost of the articles imported on such ships, and the duty levied upon the aggregate.

European, and all other goods from Sea, imported into Calcutta, from the foreign settlements, shall be assessed in the same manner as if imported into Calcutta directly from sea.

British ships importing at the foreign settlements, shall pay duties in the same manner as if they imported at Calcutta.

The duties shall be levied on the investments of the captains and officers of the Honorable Company's ships on the amount of their invoices, without adding the usual per centage.

An advance of fifteen per cent shall be added to the invoice of goods, the produce or manufacture of the Coromandel Coast, instead of levying the duties on the Calcutta price; and the duties shall be levied on the aggregate.

Copper imported from Madras, with a certificate specifying that it has been taken from the government of that Presidency, in payment of advances due on contracts with the Company, shall pass duty free.

As the prime cost of imports by American ships, the produce of America, cannot always be sworn to, the duties, in such cases, are to be levied on the account sales properly attested.

The duties shall be levied on China goods at an advance of thirty per cent on the invoice price.

The duties on cargoes imported on Macao ships, shall be levied agreeably to the account sales delivered in upon oath. In cases in which the owners may refuse to authenticate their account sales by affidavit, an advance of forty per cent on the prime cost shall be added, and the duties levied on the aggregate.

In future, the collector of the customs shall not refund half of the duties on certificates from the other Presidencies.

Batavia arrack shall be assessed at the rate of sicca rupees fifty-five per leaguer.

Arrack imported into Calcutta from Bencoolen, shall be exempted from duty.

The usual deduction of ten per cent shall be made on account of leakage, &c. of liquors. All ullages, or parts of casks, shall be filled up and their quantity ascertained before they are removed out of the custom-house. No deduction, or ullages, shall be allowed, after liquors have passed the custom-house.

Should any person refuse or omit payment of the import duties; or if the security tendered for them should not be satisfactory, such part of the goods as may be deemed equal in value to the amount of the duties due on them, shall be secured and deposited in the custom-house until the duties shall be paid. And in the event of the duties not being liquidated within the period of two months, the goods shall, at the expiration of that period, be sold at public sale.

No goods shall remain in the custom-house godowns more than seven days, unless by express permission; should any goods remain longer, they shall be liable to a charge for godown rent.

The following rules are prescribed for the collection of the duties on exports.

Duties shall be collected on the aurung, or prime cost of all goods exported from Calcutta, at the rate of two and a half per cent, without any deduction, the following goods excepted, which are exempted from duties.

Grain, of all sorts.

Opium, purchased at the Company's sales.

Indigo,

Raw Silk,

Carriages,

Palanquins, mahanna and chair,

Brass and copper utensils,

Spirits, distilled after the European manner, in Bengal, Behar, or the Company's portion of Orissa.

Goods imported declaredly for re-exportation, shall on re-exportation, be allowed a drawback the whole of the duties paid on importation.

A similar drawback shall be allowed on Indigo imported into Bengal from Manilla, which may be re-exported to England on the Company's ships.

Persons who may be desirous of exporting Opium purchased at the Company's sales, shall produce a certificate from the Board of Trade, or their officers, signifying, that the Opium in question was purchased at the Company's sales. The certificate must specify the purchase, lot, the mark and number upon each of the chests applied for, the name of the purchaser, the cost of the Opium, and the date of the sale. Any Opium not really purchased at the Company's sales, and attempted to be passed as such, or differing from the cost stated in the certificate, shall be liable to confiscation.

British ships exporting from the foreign settlements shall pay duties in the same manner as if they exported from Calcutta.

Goods, the produce of the Company's provinces, imported from Bengal, at Fort St. George, or Bombay, shall be exempt from the import duties at those places, on the production of a certificate, with which the shipper, on his application, will be furnished by the collector of the customs.

In order to assist in defraying the expence of the armament, for the protection of our commerce in these seas, an additional duty of one per cent is levied on all imports and exports, money and bullion excepted, which duty is collectable under the following rules:—

All goods paying the present duties of two and a half per cent, shall pay, in future, an addition of one per cent, making in all three and a half per cent.

All goods at present exempted from duties, are to pay a duty of one per cent, whether on importation or exportation: This rule is not to extend to money or bullion.

On goods imported for re-exportation, and on which a drawback is allowed on re-exportation, there shall continue to be allowed a drawback as at present, of two and a half per cent, but the additional duty, of one per cent, paid on importation, shall not be repaid, and the goods shall also pay the one per cent duty on exportation.

The importation of Opium, the produce or manufacture of the territories of the Nawab Vizier, or of any foreign country, into the provinces of Bengal, Behar, Orissa and Benares, or either of them, is prohibited.

PRESENTS SENT TO EUROPE.

1. PERSONS returning to Europe, or residing here, and whose wives or children may be in Europe, may take with them or send to England piece goods, or other articles, not prohibited to be worn or used there, and may forward them by the Honorable Company's Ships, upon their complying with the following regulations:

Application for permission to send the articles must be made to the Board of Trade, through their Secretary, with a declaration that they are not intended for trade.

To the application must be annexed a certificate from the Collector of Government Customs, signifying that the Export Customs have been duly adjusted, or that nothing (if such be the case) is due.

2. In order to prevent abuses from the present indulgence, or inconvenience to the public service, the Board reserve to themselves a power of refusing the permission requested: and their refusal is to be conclusive upon the parties, without any reason being assigned. The Board also reserve to themselves a power of refusing permission for the particular Ship that may be desired, and of granting it for some other, if the party choose to accept it for such other Ship.

3. As every article (Madeira wine excepted) must be put up to auction at the Company's sales, the owner will, notwithstanding the declaration, be at liberty to let any article go to the last bidder, if he shall think the price bid unreasonable, or that the bidder has been actuated by an unworthy motive in bidding for it.

The 6 and 8 per cents. are payable at the presidency of Fort William, according to priority of date; they may however be subscribed to the Company's remittance, at the exchange of 1 s. 11 d. per current rupee, with 3 per cent. advance on the 8 per cent. notes, for bills on the Court of Directors, in London, payable at 548 days date.

The 12 per cent. are payable here, at two year's date, or before, at the option of government; the subscription to this loan, closed on the 20th November, 1798.

The interest upon all the securities are payable annually, at the General Treasury Office, the Office of the Resident at Lucknow, and at the Offices of the several Collectors of Revenue.

Exclusive of these, there are two Decennial Loans, bearing interest at 10 per cent. per annum, upon the following terms:—

DECENNIAL LOANS.

That the principal shall be paid at the expiration of the abovementioned term of ten years, at the option of the lender, his executors, administrators, or assigns, either in cash at the presidency, or by bills to be drawn by the Governor General in Council on the Honorable the Court of Directors, at the same rate of exchange of two shillings and six pence the sicca rupee, payable fifteen months after date; but reserving to the Honorable Court an option of postponing payment of the bills so to be drawn for the principal, for one or two years longer, upon paying interest thereon half yearly, to be calculated at the rate of five per cent. per annum, from and after the expiration of the term of fifteen months from the date of the bills to the day of payment, provided that persons who may be desirous of receiving payment of the principal in Bengal, shall signify such desire in writing to the Accountant General, twelve months previous to the expiration of the term of the loan; and provided also, that the Governor General in Council shall in this latter case, have an option of postponing payment of the principal for one or two years after the expiration of the term of the loan, upon paying interest thereon annually, at the rate of ten cent. per annum to the day of payment.

That for the accommodation of persons returning to Europe, the Subscribers to this loan and their executors, administrators and assigns, shall be entitled, to have the principal of the obligations to be granted to them, consolidated at the time of their departure, into such sums as may best suit their convenience; and to be paid in cash the amount of the broken interest that may be then due to them; and further, shall be entitled, on application to the Governor General in Council, to have their obligations deposited in charge of the Sub-Treasurer for the time being, at the risk and under the security of the Company; to receive an acknowledgement from him of the obligations being so deposited with him; and to have the annual interest accruing upon such obligations and also the principal as it shall become due, remitted by bills upon the Court of Directors by the Deputy Accountant General; to be drawn payable to the proprietor, or such other person or persons as he may direct, and to be forwarded by the public packets to his or their address; provided that the application to be made to the Governor General in Council, be accompanied with the obligations so to be deposited; and that directions be written in the following words, in red ink, on the face and across the lines of each obligation, under the signature of the proprietor thereof, or his constituted attorney or attorneys:—

"The annual interest upon this obligation, and the principal, as they shall respectively become due, are to be remitted by bills upon the Honorable Court of Directors, pursuant to the tenor of this obligation, and the other conditions of the loan, published in the Calcutta Gazette of the

payable to (here insert the name of the person to whom it may be desired that the bills should be made payable,) and to be forwarded to (here insert the proper address of the person to whom it may be desired that the bills should be transmitted), but this obligation is not to be pledged, sold, or in any manner negotiated, nor are these directions, with respect to the payment of the principal and interest thereof to be in any manner altered, except on application to the Governor General in Council, to be made by myself, my executors, or administrators, or under the authority of a special power of attorney, specifying the number, date and amount of the obligation, to be executed by me, or them, for that purpose."
